BUILDING NOTES

This MOC can be made with the parts of box [42132](#). Because of that, I had to compromise here and there, which means that it is mostly a model to look at, rather than to play with. The tail easily bends down and the back pair of legs will just hinge down as soon as you pick it up.

Check out my website (from May 2024) or my Rebrickable page for a more robust design with a better color scheme.
