BUILDING NOTES

This is an alternate build of the Forest Animals box.

The build is quite straightforward and the techniques used are similar to those of the Forest Animals: an almost solid inner body and plating on the side.

The fish stands on its belly fin and gets additional support from the water plant. Considering how fragile it looks, it is remarkably stable.

MORE INFORMATION

For more information about this model see

frankvandermost.com/mocs/forest-fish/

Please leave any questions, suggestions, criticism or praise, in the comments at the bottom of that page, or write me at frank_drv@icloud.com

This model and others are also available at the Rebrickable website at

https://rebrickable.com/users/Frank_van_der_Most/

This manual was made with the Studio design software for the instructions, and Keynote to put it all together into a .pdf.
